

## Introducing the BITQ Team

A tech-savvy with enthusiasms for sports and books

**Q: What is your role within BITQ and the project you are working on?**

Sarath: My role at BITQ is Senior Manager Cloud Architect. I have been working for Kestrel Coal for approximate a year and helping them with their operational and analytical reporting in the Microsoft Azure Platform. I am also working on a new service offering that BITQ can undertake in Cloud Technologies.

**Q: Do you have any hidden talents or hobbies?**

Sarath: I have several hobbies. In my spare time, I enjoy playing Cricket and Badminton. The Badminton team I was playing for in high school came second in the Wellington region. And I was an opening batsman and pace bowler for my team in college. I also like reading science fiction books and playing computer games. Another hobby is playing chess. I once took part in a chess tournament in Wellington.

**Q: What's your favourite subject and least favourite subject at school?**

Sarath: I had three favourite subjects at school - Biology, Chemistry and Mathematics. And English was my least favourite subject at school.

**Q: How do you describe your personality? Use five words to describe yourself?**

Sarath: Calm, Easy Going, Inquisitive, Friendly.

**Q: What is your favourite movie/book?**

Sarath: My favourite movie is Meals on Wheels, and my favourite books are Asterisk and Obelisk.

**Q: What is your favourite memory?**

Sarath: Playing cricket with friends.

**Q: Would you like to share something about your family with us?**

Sarath: My dad started his career as a general surgeon and is now a GP and my mom works as a clinical coder in the hospital. I have a younger brother who is good at graphic design and is looking to get into networks. On weekends, I usually spend time with my family, enjoy some walks or go for drives.
